wines

glass of poetry, perhaps!

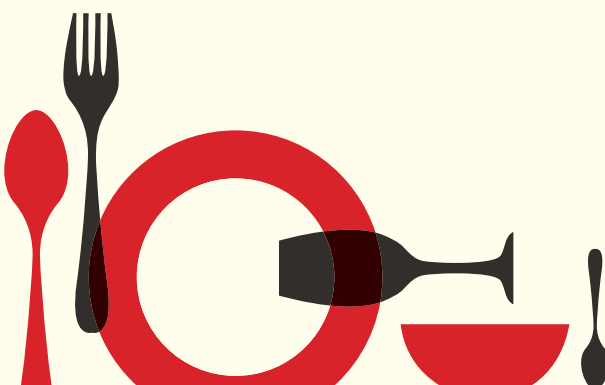

A good wine, they say, is nothing but bottled poetry.

No wonder this beautiful form of verse has transcended its humble role of being a mere accompaniment during meals. For thousands of years, wine has been part of religious ceremony, has been used as an antiseptic and as a medicine. A finely balanced glass is known to transform a simple meal into a feast. Which is why, we have a selection of light, medium and full-bodied reds and whites to suit your palate.

But how does one define a good wine?

Simple, it's the one that starts and ends with a smile.

A votre sante...to your health!

wines

...the whites

As a general rule these whites are beautifully fresh and zesty, with exciting fruit flavours and racy acidity. This is not about being complicated; it's about a wine that is easy to drink. Perfectly suited to light spicy food and delicate seafood dishes.
