

Residence Inn Green Meetings

Marriott International aspires to be the global leader that demonstrates how responsible hospitality management can be a positive force for the environment and create economic opportunities around the world, in the communities where we work and live!

Residence Inn

- Replaced light bulbs with energy-efficient bulbs
- Installed low-flow showerheads and toilets
- Introduced water/energy saving linen program
- Operates the most ENERGY STAR® certified properties in the industry, as part of Marriott's portfolio of brands
- Involves its global workforce in eco-volunteerism

Events & Meetings

- Recycled Note Pads
- Pens made from Recycled materials
- Water Service
- In-Meeting Room Recycling where available
- America's Second Harvest – Safe to donate food

On Track To:

- Further reduce water, waste and energy by 25% per room over the next 10 years
- Roll-out an in-room recycling program worldwide
- Green our \$10 billion supply chain
- Build greener hotels and offices by developing approved guidelines, have all our managed golf courses Audubon-certified by year end 2008
- Improve the climate by reducing our carbon emissions.
- We are pursuing ways to offset our emissions and protect the rainforest in the Amazon
