About Scrub Island

The sea, once it casts its spell, holds one in its net of wonder forever

Scrub Island is a private island located off the east end of Tortola in the British Virgin Islands. First discovered by explorers, the island was a stopping point en route to new lands and remained relatively untouched for centuries. Dubbed “Scrub Island” by pirates who used to “scrub” the barnacles off of ships hulls, now Scrub Island is home to a luxury resort, spa and marina - the first new resort development in the British Virgin Islands in more than 15 years.

Encompassing 230 acres, Scrub Island is an amazingly private sanctuary, fringed by three pristine beaches that shelve gently into the azure Caribbean Sea. Protected coves, panoramic views and breathtaking nature trails invite exploration by guests, providing a haven from the distractions of the outside world. Privacy is paramount here; expect no more than 200 people to be on the island at any time. Extreme care has been taken in every aspect of development to ensure protection of the island’s

natural ecosystem, demonstrating that luxury and minimal environmental impact are compatible. Scrub Island Resort, Spa & Marina is an exclusive five-star luxury property featuring 26 Ocean View Guest Rooms and 26 Ocean View One Bedroom Suites, 7 hillside villas, a 55-slip full-service marina and the award-winning Ixora Spa. The resort provides guests access to modern luxuries and amenities, as well as a unique opportunity to explore the unspoiled natural beauty of the island.
