ATLANTA EVERGREEN MARRIOTT CONFERENCE RESORT

AN IDEAL LOCATION TO RECREATE, RELAX AND REJUVENATE

Atlanta Marriott Evergreen Conference Resort resides inside Stone Mountain Park, Georgia's most popular attraction. Situated just 15 miles east of Atlanta, the hotel is easily accessible but feels worlds away. Set amongst 3,200 acres, the Atlanta Evergreen Marriott offers 65,000 sq. ft. of meeting space, 336 guestrooms, indoor and outdoor pools, three on-site dining options and 36 holes of golf. Guests enjoy easy access to park activities perfect for team building or an escape from the everyday. Choose from hiking, biking, golfing, and kayaking or visit during popular attractions like the Fantastic Fourth Celebration, Pumpkin Festival or winter Snow Mountain tubing.

YOUR MEETING EXPERIENCE

Make your next meeting both memorable and productive. With two spacious ballrooms, a covered outdoor lakeside pavilion, amphitheatre, and 36 breakout spaces, Atlanta Evergreen Marriott provides unmatched flexibility. Many spaces feature natural light, inviting the park's beauty inside. Or, choose to hold a meeting outside at one of two 18-hole golf courses, on a stand up paddleboard or at our on-site ropes course. Ask about our team building packages, customizable with your goals in mind.

YOUR VACATION EXPERIENCE

Atlanta Evergreen Marriott offers an active pause. Far enough away for a remote retreat yet close enough to the south's fastest growing city for exploration seekers. Families will find activities for all ages thanks to Stone Mountain Park attractions like the Lasershow Spectacular, mini-golf, SkyHike®, Summit Skyrise and the Scenic Railroad. At the end of the day, relax by the pool overlooking the mountain, enjoy firepits, and challenge loved ones to a game of human-sized chess or checkers!

ABOUT THE RENOVATION

We don't know when inspiration will strike, but we do know where. That's why we've redesigned our guestrooms to be more inviting and exciting. A place that sparks creativity, fuels the imagination, and welcomes reflection and relaxation.
