

WELCOME TO THE

DISCOVER ONE OF THE LARGEST COLLECTIONS OF GIN IN BANGKOK

Gin is liquid history. From the tombs of ancient Egypt, the monasteries of the Middle Age, the laneways of the Industrial Revolution, through the prohibition era and into the present day, the second golden age of fine drinking, gin has been drunk by all classes and in all corners of the globe. For over two millennia, juniper berries have been used for ritual, medicinal and gastronomic purposes, and to make fine beverages, namely gin.

Gin is provenance; it looks to the natural world for flavor, aroma and sensation. Gin is the quintessential cocktail ingredient, and since the turn of the 20th Century gin has been a bartender's favorite spirit. It is a beacon of sophistication and style, yet is founded upon mayhem and grit. Gin is a delicious spirit; it runs the gamut of fresh, vibrant and zesty, to floral, soft and delicate. It can be robust and bracing, it can be savory and spiced. Here at ABar, we are delighted to share one of the world's finest collections of gin with you. We have arranged our gins by type and flavor profile.

Our passionate and dedicated gin team stands ready to assist you in your gin journey.
