

## Stay Green

---

Marriott International has a legacy of caring for the communities in which we operate, so Global Citizenship comes naturally to us. Our work focuses on the environment and leverages our people, brands, relationships and global reach because we're uniquely equipped to help our associates and guests create a better world to experience.

Westin Hotels Worldwide has been a leader in incorporating and embracing green technologies in the effort to create a greener world, and The Westin Copley Place takes great pride in the modern innovations and initiatives we've undertaken in order to play our part in being a greener hotel.

### SUSTAINABILITY INITIATIVES

- Associates participate in eco-volunteerism
- Participate in Serve360, Marriott's initiative to creating positive and sustainable impact, guided by Marriott's 2025 Sustainability and Social Impact Goals, as well as the UN Sustainable Development Goals
- Cardboard, paper, single stream, battery, electronic ballast, expired paint and food oil recycling program
- Participate in Marriott's "skip the straw" program, limiting straw usage throughout hotel
- Guest rooms and public restrooms equipped with low-flow toilets, urinals, showerheads and sinks
- Sensors and water-conserving faucets in all public restrooms
- Steam condensate will be used to heat domestic hot water (project in progress)
- Energy management system used for all public areas and meeting rooms with programmable times to cool and heat
- Guest rooms controlled by WiSuite energy management thermostats
- Temperature sensors in guest rooms that allow temperature to float from set point when room not occupied
- 100% LED lighting in guest rooms and public spaces
- Crestron lighting system to provide scenes and lighting adjustment in areas where full lighting is not wanted or needed
- Motion sensor lighting in renovated public spaces
- All motors and chillers throughout hotel use a Variable Frequency Drive, an energy-saving motor controller that varies the frequency and voltage supplied to the electric motor
- Water/energy saving linen program
- Electric vehicle charging stations

### MEETINGS & EVENTS

- Water station service
- In-meeting room recycling
- Online event menus
- Recyclable box lunch program
- Paperless e-billing
- Limit individual packets for condiments and utilize glass or reusable containers
- Online/paperless menus available
- Pens made from recycled materials
