Courtyard Detroit Livonia Toasts Completion Of New Guest Rooms

Guest quarters at hotel near Plymouth, Michigan, feature new technologies, furniture, decor

Livonia, MI – The Courtyard Detroit Livonia is celebrating the completion of a major room renovation that adds CYnergy to the hotel near Plymouth, Michigan.

The reimaged hotel in Livonia now provides amenities and services that allow guests to optimize and

elevate their travel experiences. Courtyard constantly researches trends and evolves to meet the changing needs of its guests, and the hotel in Livonia is staying on the cutting edge with its remodel project.

The latest guest room design offers hybrid zones for working, sleeping, relaxing and getting ready.

Indirect lighting and a neutral, tone-on-tone color palette make for a soothing and calm environment in one of the premier Livonia, MI, hotels.

The new room design is intuitive and thoughtful, offering flexible yet comfortable spaces that enable technology. Upon arrival, guests can store bags on the luggage drop and plug personal devices into the tech drop ledge for seamless technology integration.

Signature furniture and architectural elements replace traditional art in the Livonia, MI, hotel's guest rooms. The lounge-around sofa offers a pop of color and a comfortable area for relaxing or working. The new design also features a light desk on wheels, allowing guests to work from anywhere in the room.

An upgraded, more spacious layout creates an enhanced bathroom experience. A nook housing shampoos and towels makes amenities accessible without having to leave the shower.

“From day one, Courtyard has prided itself as a brand that listens to business travelers,” said Janis Milham, senior vice president of Modern Essentials and Extended-Stay Brands. “Today’s technology has changed how people travel. Our guests want a room that has purpose and flexibility that enables a seamless transition between relaxing and working. Courtyard is designed to offer them a relaxing and functional space to work the way they want to, when they want to.”

The hotel near Plymouth, Michigan, also offers the Refreshing Business lobby environment where guests can enjoy an open and bright area outside of their rooms. Along with media pods, complimentary Wi-Fi and a variety of seating zones, the redefined space is ideal for everything from pop-up meetings to social gatherings. The lobby also features The Bistro – Eat. Drink. Connect., offering casual, flexible seating, easy access to food and high quality, healthy menu options for breakfast. Light evening fare, as well as snacks, cocktails, wine and beer, also are available so guests can unwind.

Throughout the Livonia hotel, ample electrical outlets keep guests connected and cellphones and tablets charged. The business library features several computers along with a printer, while the Boarding Pass area boasts computers dedicated solely to printing airline passes and checking flight statuses.

Green has been Courtyard’s signature color since Marriott launched the brand 30 years ago. Now, the Livonia hotel is even greener with the introduction of a guest recycling program for the environment. Receptacles for paper, glass, plastic and metal are conveniently located by side exits.

Whether traveling for business or pleasure, the Courtyard Detroit Livonia is perfect for leisure and business travel. Rates begin at \$89 per night.
