

GHENT MARRIOTT BICYCLE RENT

A bicycle is the most recommended way to get around Ghent! The historical city of Ghent with its elegant streets and houses is a must to visit. There are many roads to take in and out of the city for a great day out on the bike. You will see you are not alone on your bike: many inhabitants use them to get around. Even the former mayor uses it every day! There are many bike stands around to make it easy to lock it (important!). Many one-way roads are made two-way especially for bikes.
