RED BAR BEVERAGE MENU

BARREL AGED COCKTAILS

The tradition of barrel or cask aging distilled spirits, wine and beer goes back thousands of years. Letting the liquid mature within wood is what gives them their distinct flavours, aromas and colours.

When spirits are distilled, they are as clear as vodka; it's spending time with charred wood that develops the brown colour of whiskeys, aged tequilas, brandies and the like. We give our cocktails a chance to marry. The interaction between the alcohol and the wood gives our drinks a deeper, richer, sweeter and more robust taste.
