- Uses only post consumer paper
- Illuminates our public space, meeting areas, and guest rooms with energy saving fluorescent and LED lighting
- Freshens your guest room and public space with cleaning products made of environmentally friendly components
- Serves locally grown, organic food whenever possible, and donates leftover food to charities
- Participates in paperless reservation and billing process – from on-line reservations, to check-in, to e-folios when you check out, stay with us without printing a single piece of paper

Green Meetings Initiatives

- 100% post consumer paper for notepads
- Bic Ecosolutions® pens are made from recycled content and are biodegradable
- Eco friendly water service and stations
- Meeting areas have motion sensors and timers on lights to conserve electricity usage
- On-line Event Menus for paperless menu transmission
- Paperless billing for meetings and events
- Box lunch program uses containers from natural products that are easily biodegradable
- Starbucks Coffee Program uses recyclable cups from post consumer paper

*At the **Minneapolis Marriott City Center,***

we understand how important it is to take a stand in protecting the environment. And because we think friendly service and eco-friendly service should be one and the same, you can still experience the same high-level of personal care and expertise from our highly trained staff.
